

Mapleton School Community Council Minutes:

February 13, 2024

In Attendance: Cami Thomas (principal), Hali Newbold, Alisa Liston, Natalie Palmer, Margie Jordan

Absent: Katie Thorpe, Jana Nance, Larisa Hayden

Minutes:

- 1) Pledge- Pledge was led by Hali Newbold
- 2) Discussion about Governor Cox's cell phone email. Principal shared the email and the council read it. In Nebo they are feeling like they still want to leave it at the school and teacher level. There will not be a district
- 3) Discussion about a parent's concern about our pick up/drop off not being better supervised. Cami explained our current plan and what we currently do. The parents in the council felt what we do is enough. It was decided that Cami would just do more updates and be more clear about when the doors are open and when they are locked as we do not have the personnel to have supervision beyond the times that we have already scheduled them.
- 3) Creating our TSSA goals. Council looked over the current goal. It was decided to take out a couple of the bullet points due to adopting a new reading program next year. Cami explained the new CKLA program to the parents as well the testing components we do and look at for data.
- 4) Discussed hiring and kindergarten next year. Full and part time kindergarten options will be available.

Next meeting March 1st @ 9:30am
