

Mapleton School Community Council Minutes: December 12, 2022

In Attendance: Margie Jordan, Cami Thomas, Noel Trapnell, Shannon Abbott, Shayne Hunsaker, Kathy Terry, Alisa Liston, Janna Nance

Absent:

Minutes:

- 1) Pledge- Noel Trapnell led us in the pledge
- 2) Digital Citizenship Plan- Mrs. Thomas shared the HB213 plan for the district. Council members took turns reading out the parts of the current plan. The current plan was discussed. No changes were suggested.
- 3) Wellness Plan- Went over the current wellness plan. Mrs. Thomas talked about what our counselor does with it and how we approach it at our school. School wide goals were talked about. The funds used were shared as well as school assemblies already done that addressed wellness. Our school also does a wellness survey with the school staff. There weren't any questions about the current plan. There were some concerns with the number of students exhibiting anxiety. Some suggestions were using our wellness room, doing service for others, positive thinking, potentially installing more tvs with kindness messages displayed around the school, making a school wide goal about doing kind things for others and creating a sign with it. The council liked the idea of focusing on doing those kind things for others and making a chain with it. It will be introduced to the team leads at the next team leader meeting.
- 4) Other school/community concernsconcerns. None were raised.
- 5) Next meeting January 9th @ 9:30 in the conference room. Meeting topic will be the TSSA goals.
