

Mapleton School Community Council Minutes: October 10th, 2022

In Attendance: Margie Jordan, Cami Thomas, Noel Trapnell, Shannon Abbott, Shayne Hunsaker, Kathy Terry, Alisa Liston
Absent: Janna Nance

Minutes:

1) Noel Trapnell (the chair) led us in the pledge.

2) Mrs. Thomas presented our schools health and wellness plan. We are focusing more on substance abuse and prevention through taking care of our bodies. Our wellness room has also helped with our plan for mental health wellness. The council felt the wellness plan presented was good.

3) Mrs. Thomas presented Nebo School District's accreditation plan for the upcoming year. Nebo district is working to have our entire school district accredited by the state which makes it easier for students to be accepted into all levels of higher education. The PowerPoint is available through the principal if you'd like to view it. The council felt the plan was great.

4) Went over future district meetings, one will be October 26th @ 4pm. The other will be in the Spring. Shayne is coming to the this one and Alisa is going to go in the spring.

5) Mrs. Thomas presented the training PowerPoint for how the council works and what the duties are when serving on the council.

6) Other school and/or community concerns?

Pickup/Drop off issues were brought up. This school doesn't have a place to pull up and pick up a child at the front of the school where the school office is. With the safety measures and all doors being locked this makes it to the point where you have a walk a long way around the school or park in the church parking lot and cross a busy street to pick up a child.
