Things to note

- Funds were explained about where we currently use Trustlands money. Our money currently goes to many technicians for reteach and enrichment activities for the grade levels with the goal of improving reading and math test scores.
 - Our funds keep growing every year. We are here to make sure those funds continue to benefit students throughout the years.
 - Can go online to www.schoollandtrust.org to find updates on school trustlands' information.
 - All funds must be approved and no more \$7000 can be spent on civic and character education or digital citizenship training.
 - The funds reviewed are for the upcoming school year—not the current school year.
 - Our goals usually focus on math and reading, and sometimes will focus on arts or behavior.
 - A final report is given to make sure our expenditures are consistent with the plan and our outlined action plan actually led to academic goals being met.
 - The plan for next year will be due and signed at our March 14th meeting.
